Carted rakes

H90

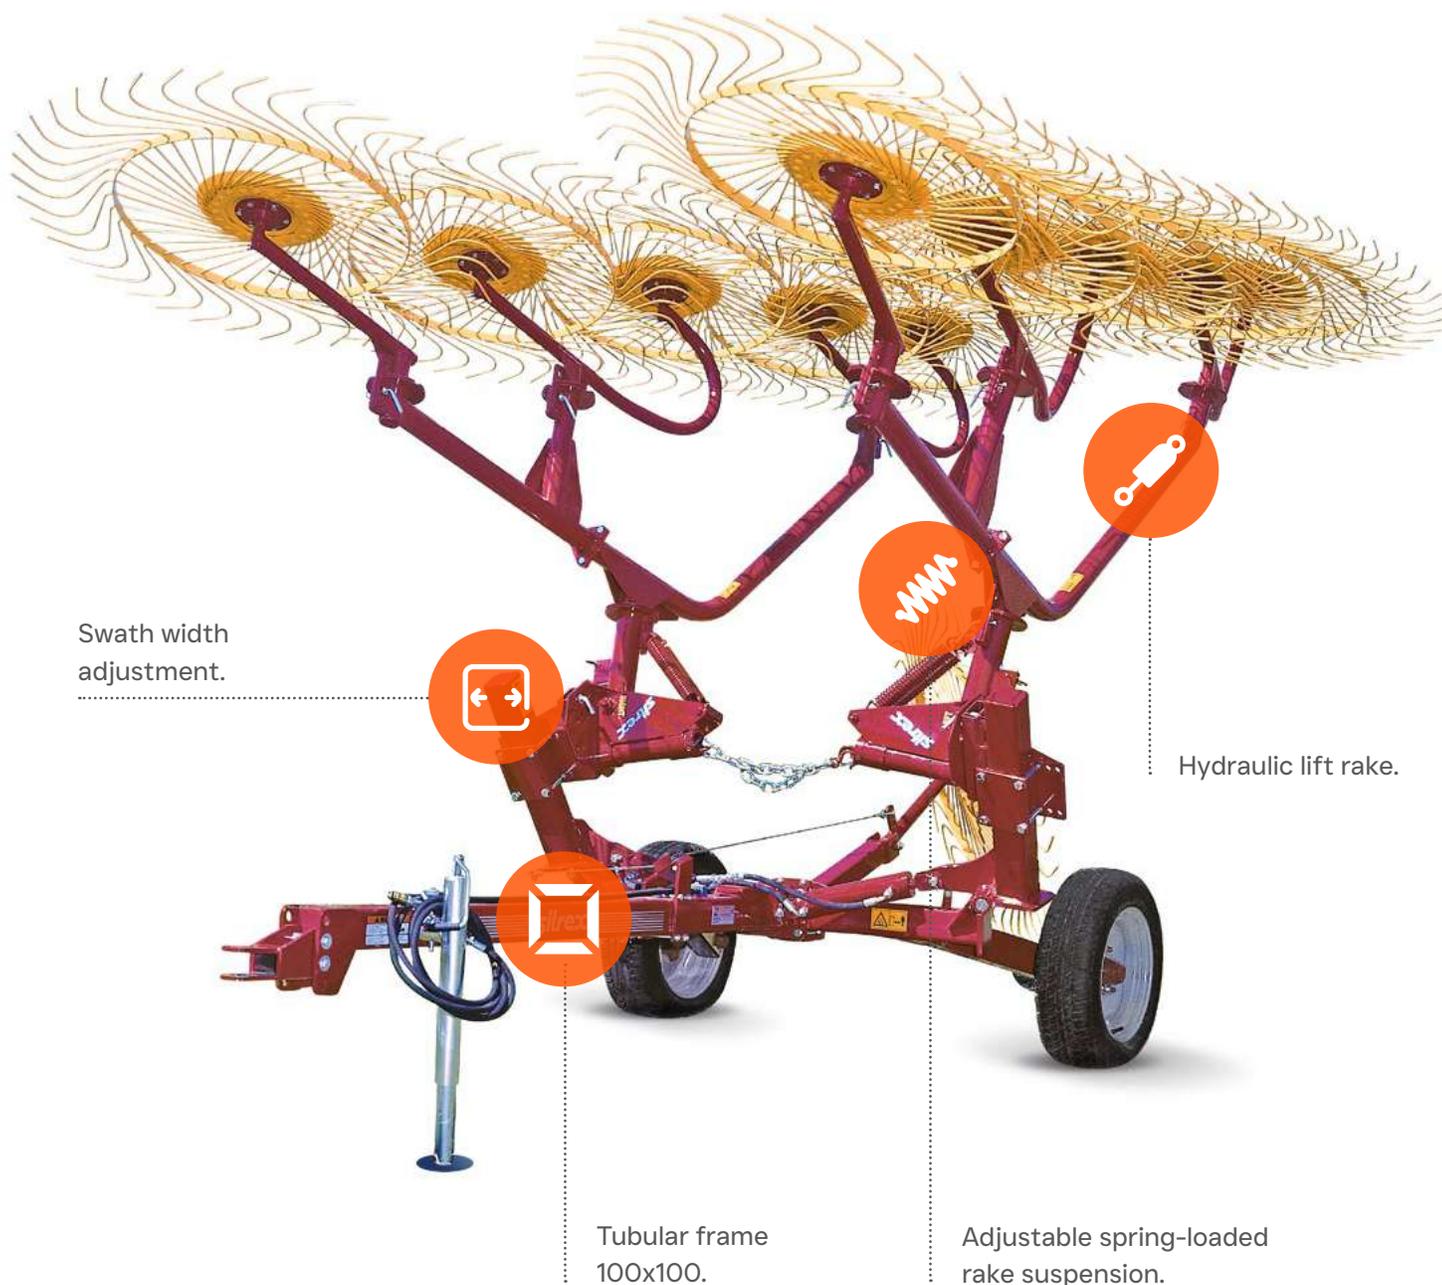

V8 / 10 / 12

H90 Carted Rakes, robust, simple and productive.

The H90 V-8-10-12 unit is very simple to use and gives excellent working results. The various adjustments allow correct wheels' pressure on terrain. The oscillation of the rakes' main arms and of the wheel-holder small arms allows correct ground contact, even on uneven grounds.

The hydraulic lift system controls the rakes lift from the tractor's cabin without any other adjustment. This allows good working performances both on quality and time required.

Swath width adjustment.

Hydraulic lift rake.

Tubular frame 100x100.

Adjustable spring-loaded rake suspension.

Specifications	H90V8	H90V10	H90V12
Working Width	20' - 6.1m	23' - 7m	27' - 8.2m
Weight	1265 Lbs - 575 Kg	1465 Lbs - 665 Kg	1685 Lbs - 765 Kg
Tyre size	195-65/15	195-65/15	195-65/15
