

THE 25 SERIES: ECONOMICAL, RUGGED UTILITY TRACTORS THAT OFFER VERSATILITY AND ERGONOMIC COMFORT.

Mahindra tractors are built for superior performance. Every tractor is designed and manufactured to help you get the most out of your land. So you can cultivate your dreams. The 25 Series is no exception. These modern-looking workhorses operate starting at 35 hp.

Mahindra tractors consistently outperform others in their class by being heavier and more durable — yet easy to handle. Their rugged, cast-iron chassis give the tractors extra weight, providing more traction, stability and control.

Our tractors have higher lift capacities. Carry bigger loads. Handle larger implements. And come in a wide range of sizes, so you can find one that's ideal for your workload.

Simply put, a Mahindra tractor does what needs to be done — quickly and efficiently.

Customer satisfaction

Who can gauge our commitment to product quality better than the people who own our tractors? In a recent study, a leading market research firm interviewed Mahindra owners nationwide and asked them to evaluate their level of satisfaction

98%
OF MAHINDRA OWNERS
ARE LIKELY TO
RECOMMEND
MAHINDRA

with the performance of their Mahindra tractors. The study found that 98% of Mahindra owners were likely to recommend Mahindra to their friends and family.

A dealer network as sturdy and stable as the tractors they sell

Mahindra dealers are fully qualified and armed with the resources to not only put you on the right tractor, but to continue to meet your needs after your purchase. We support our dealers with the ability to ship parts within 24 hours. We provide them with warranty assistance, technical support, low-rate retail financing and on-site approvals, making it quicker and easier to put you on the tractor of your choice.

Cultivating dreams in the U.S.

From army vehicles to farm tractors to major automobile manufacturing, Mahindra's relationship with American industry goes back to World War II — when our parent company, Mahindra & Mahindra, assembled the famous Willys Jeep for American GIs.

After teaming up with International Harvester in 1963 to manufacture tractors, M&M today ranks among the largest tractor companies in the world, with sales of nearly 85,000 units annually in 10 countries.

The Farm Equipment Sector of Mahindra & Mahindra Ltd. received the coveted Deming Application Prize for 2003 — considered the Nobel Prize for manufacturing, for establishing Total Quality Management in all business operations. Mahindra & Mahindra Ltd. is the only tractor company in the world to achieve this honor.

Mahindra USA's Tomball, Texas facility was joined by a second assembly and distribution center in Calhoun, Georgia, 68 miles north of Atlanta — more than doubling our production capacity to meet growing demands for our tractors.

3-YEAR WARRANTY*

3-point Linkage

Mahindra employs 3-point linkages that are heavy and sturdy to ensure stability and safety. Compare ours to other brands and you can see the difference.

Front Axle

Mahindra insists on using bigger, thicker, stronger axles to achieve maximum stability.

Reinforced Fenders

Our fenders are reinforced and use a thicker gauge of sheet metal for strength and durability.

Mahindra 25 Series

SUPERIOR PERFORMANCE

Higher lift capacity

Handle larger implements
Get work done a lot faster

Heavy-duty components

Tough and rugged
Keep right on performing day after day

Sturdier chassis

Greater stability
Keeps you safe while handling rigorous work

Heavier chassis

Additional weight provides extra traction

Standard Features

- Direct injection diesel engine with wet replaceable cylinder sleeve and air intake cold start aid
- Three piece, extendable front axle
- Differential lock
- Hydraulics with both position and draft controls
- Easy hook for top link retention
- Swinging drawbar
- Full foldable ROPS
- Adjustable sliding seat
- Reinforced and thicker gauge sheet metal
- Platform with rubber mats on 3525, 5525 and 6025
- Large capacity fuel tank
- Rear work light
- Clear view, multifunctional instrument panel
- Telescopic check chains for lower links
- Comfortable mounting step on left side of tractor
- Easy grip, comfortable levers / handles
- Ergonomic controls and pedals for operator comfort
- Handy toolbox
- 3-year limited warranty*

Quick Attach Adapter

This well-designed feature makes swapping out implements a snap, so you can spend less time assembling and more time getting your work done.

Loader

Whether moving earth, scraping a surface or smoothing a gravel road, Mahindra's loader is a rugged and extremely versatile tool.

Pallet Fork

This solid metal implement is a convenient tool to have on hand. Combined with Mahindra's outstanding lift capacity, the pallet fork will help you move all kinds of loads.
