

THE GC1700 SERIES. MUCH MORE THAN JUST A MOWER.

Think of the Massey Ferguson GC1700 Series as the Swiss Army knife of compacts, offering bigger tractor features in just the right size. With up to 25 gross engine horsepower and unmatched versatility, these easy-to-drive, multi-tasking workhorses can handle everything from mowing, loading and backhoe work to snowblowing and more. So if you're ready for a real tractor, check out the GC1700 Series. It'll give you all it's got—and then some.

Available from the factory in a tractor-loader-backhoe version to optimize your productivity right from the start.

| MODELS | GC1705 | GC1710 | GC1715 | GC1720 |

Whether you're a residential customer or a seasoned professional, everything about the Massey Ferguson GC1700 Series is designed to help you get the job done.

1. LARGEST ENGINE IN ITS CLASS

More cubic inches translate into higher reserve torque and more efficient use of horsepower. And our all-cast-iron construction delivers higher durability and longer engine life, compared to cast iron blocks with aluminum heads.

Standard cruise control takes the fatigue out of any job.

2. COMFORTABLY FAMILIAR OPERATOR'S STATION

Providing more than just great ergonomics, the operator's station on the GC1700 Series makes the transition from lawn tractor to small compact virtually seamless. All major controls and functional pedals are in familiar, intuitive locations that are easy to reach and operate. A large, completely flat foot deck offers easy entry and exit, as well as comfortable foot placement for a great driving experience.

3. PROFESSIONAL QUALITY MOWING DECKS

For residential or commercial use, our 10-gauge stamped steel, full-floating decks deliver a top-notch cut on every type of terrain. All spindle assemblies are made of cast iron for greater durability, compared to aluminum-cast spindles.

4. OUTSTANDING MATERIAL HANDLING

With dual-bucket cylinders and exceptional bucket rollback angles, Massey Ferguson Compact Series loaders deliver better performance than single-cylinder loaders. Efficient hydraulic pumps deliver higher output at lower RPM than most competitive models.

5. A BACKHOE TO MATCH

The GC1700 Series works seamlessly with the CB65 backhoe. And this full-size 6.5-ft. backhoe offers features our competitors don't. A fully integrated four-point sub-frame, large-diameter cylinders, industry-leading cycle times and our exclusive Boom Float Control, make this the most versatile, stable and easy-to-operate backhoe in its class.

FRONT TO BACK, WE'VE GOT YOU COVERED.

We've got the right front loader and backhoe for whatever job you need to tackle. So you're always as productive as you can be.

COMMON STANDARD FEATURES

- ▲ Hydraulic lines routed inside loader frame for protection and visibility
- ▲ Positive locking galvanized steel bushings at all pivot points to minimize wear
- ▲ Recessed grease zerks to minimize accidental damage
- ▲ Industry-leading cycle times for performance and efficiency
- ▲ Quick-connect hydraulic lines
- ▲ Built-in parking stands

DL95 Front Loader

- ▲ Curved-boom design
- ▲ Regenerative hydraulics for simultaneous operation of lift/lower and curl/dump functions
- ▲ Factory or dealer installation available

L105E Front Loader

- ▲ One-piece main frame with tapered arms and single cross member
- ▲ Loader frame pedestal mounted joystick
- ▲ Skid steer or pin-type implement attachments

DL125 and DL135 Front Loaders

- ▲ Optional third function and soft drive available
- ▲ Universal skid steer or exclusive compact quick-attach implement tool carrier

THE RIGHT TRACTOR FOR ANY SEASON.

If you live in colder climates, winter presents its own special challenges. And Massey Ferguson compacts offer just what you need to meet them head on. Whether you're a property owner or a contractor, you'll find that these nimble tractors are powerful, comfortable and easy to maneuver, with a wide range of implements that are easy to control.

BUILT FOR SNOW AND READY TO GO

Our goal is to make your winter work as effortless as possible. So we've given careful consideration to everything from versatility to visibility to efficiency.

The standard 4WD front axle on the GC1700, 1700E and 1700 Series Premium tractors provides additional traction in the snow for better performance. And our high steering angle enhances maneuverability. A factory loader joystick on the GC1700 Series and 1700 Series Premium tractors is integrated into the console to keep the design smooth and operation easy. And hydraulic valves at the tractor's mid-point simplify implement connection.

Top it all off with improved visibility and better ventilation on cab models to keep frost off the windows. And whether you're pushing a blade, broom, blower or bucket, you've got a compact that can handle anything winter dishes out.

Learn more at [masseyferguson.us](https://www.masseyferguson.us), or see your dealer for a demo.

We go the extra mile right from the start, to make sure our tractors go the extra mile for years to come. Rest assured, if you ever decide to trade in your Massey Ferguson compact series tractor, you can count on resale values to stay high.

WE'RE ALWAYS AT YOUR SERVICE

If you're like most farmers, when you find that perfect piece of equipment, it becomes almost like part of your family. And when you buy a Massey Ferguson, you instantly become part of ours. Our network of dealers understands what owning a hardworking productive tractor really means.

They'll advise and support you through the selection process, the buying process and through operation, maintenance and beyond. Equally important, they realize you have to be able to depend on them 24 hours a day, seven days a week.

ALL-INCLUSIVE WARRANTY

Even our warranty is high-performance, offering five full years of powertrain coverage that's fully backed in-house by AGCO—not a third-party insurer. Best of all, it's also backed by dealers who understand how to help you make the most of it.

QUESTIONS? GO TO MASSEYFERGUSON.US

Our website opens the door to all sorts of technical information and product specifications. If you can't find what you're looking for, click on "Contact Us" and we'll provide you with access to folks who can get you all the answers.

THE DOORS ARE OPEN AT SHOPMASSEY.COM

You'll find all sorts of ways to live Massey Ferguson, from the latest in wearables to gifts for the entire family. And some good old-fashioned bargains, too.

JOIN THE CLUBS

Massey Ferguson Enthusiasts of North America has grown from just 59 members in 2001 to almost 600 members today. They publish a newsletter five times a year and hold annual get-togethers at well-known tractor shows. Join now; visit fergusonenthusiasts.com.

The Ferguson Club is an international, independent members' club established in 1986 to promote and disseminate information and interest in the work of the late Harry Ferguson, Ferguson products and, in particular, the "Ferguson System." fergusonclub.com

The Friends of Ferguson Heritage Ltd. exists to encourage and assist enthusiasts in their interest in the engineering achievements of the late Harry Ferguson. fofh.co.uk

The Massey Ferguson FarmLife magazine is our exclusive publication that offers news, interviews and insights into all the joys—and challenges—of farming.
