

CTJ SERIES

CTJ23

CTJ27

HYDROSTATIC

McCORMICK

TECHNICAL DATA

ITEMS	CTJ23	CTJ27
-------	-------	-------

ENGINE

Engine Type	Mitsubishi	
Horsepower – hp	23	27
Rated Speed – rpm	2700	
No. of Cylinder	3	
Displacement – cu. In.	68.6	80.4
Air Cleaner	Dry Element	
Cold Starting Aid	Glow Plug	
Fuel Tank – l (gal.)	25 (6.6)	
Cooling System	Water-cooled	
Alternator	12V-50A	

PTO

PTO Type Standard	Rear & Mid PTO Standard	
Maximum PTO Power – hp	18.5	21.5
Rear PTO Speed Standard – rpm	540	
Mid PTO Speed Standard – rpm	2000	
Control – HST	Independent	

TRANSMISSION

Transmission	HST + 2 Ranges	
Forward Speed Range – kph	0 ~ 14.7	
Reverse Speed Range – kph	0 ~ 12.0	
Rear Differential Lock	Mechanical	
Brake Type	wet disc	

HYDRAULICS

Main Pump – l/min (gal./min)	17 (4.5)	
Steering Pump – l/min (gal./min)	10 (2.64)	
Remote Valves	1	
Lift Capacity @ Ball End – lb (kg)	1433 (650)	
3-point Linkage Category	1	
Steering type	Hydrostatic	
Control	Position (on/off)	

TIRES

Standard (4WD) Front	23 x 8.50 - 12 (Industrial)	
Standard (4WD) Rear	12 x 16.5 (Industrial)	
Steering Angle	55°	

DIMENSIONS

Wheel base – in. (cm)	60 (152)	
Length – in. (cm)	103 (262)	
Width – in. (cm)	46 (117)	
Height – Top of ROPS	85 (216)	
Height – Folded ROPS	69 (175)	
Ground Clearance – in. (cm)	10 (25)	
Weight – lb. (kg)	1609 (730)	

THE NEWEST ADDITION TO THE McCORMICK RANGE OF COMPACTS

The CTJ series is well suited for customers who need a dependable and affordable compact tractor to handle tasks on small acreages. Its small, sturdy and user-friendly design lets the operator accomplish a variety of tasks with ease. The McCormick CTJ23 and CTJ27 are powered by a high-performance, quiet, and low emission 3 cylinder Mitsubishi diesel engine and offer 23 and 27 HP respectively. The easy to operate single pedal hydrostatic transmission is smooth and efficient and with 2 ranges it has the right speed for any job. The compact L101 loader makes easy work of your daily chores while the available 60" mower deck further adds to the CTJ versatility. The mechanical four-wheel-drive engagement, multiple wet disc brakes, and rear differential lock provide more power and stability without having to move up to a larger tractor. While utilizing a modern design, the McCormick CTJ offers many standard features that are optional on other machines. The standard mid PTO and rear remote valve allow you to take advantage of multiple implements. Combine these features with McCormick's commitment to quality parts and service support and you have a winning combination.
